

LEAVE LIABILITY- Fiscal Year End 2014

For the fiscal year ending June 30, 2014, the TIM system will be used to obtain leave information.

It is imperative that TIM is updated with the leave data for each employee so that leave hours as of June 30, 2014 are reported accurately and timely.

- **If you have employees who have not reported their leave taken, you should follow up with your annual reminder process now.**
- When making Historical Edits, you must use an effective date of June 30, 2014 or earlier to ensure the edit is included in the balances on the 2014 Leave Liability File.
- When making Historical Edits to correct Leave Balances, check only the Impact Accruals box. Do not check the Include in Totals for Effective Date box.
