Purchasing Considerations

All purchases in excess of \$5,000 require competition. Any requirement for purchases in excess of \$5,000 should be identified and subsequently approved prior to or no later than May 15 to ensure arrival prior to June 30th enabling payment by the end of the fiscal year. Regular purchase orders and blanket orders may be canceled using the Change Request form. Purchase orders that are not canceled or used will be carried forward to the new fiscal year and will obligate 2013-2014 budgets.

Disbursement Services Considerations

If the receiving has not been entered into the system, payment cannot be made and the purchase order will be charged against 2013-2014 budgets. Likewise, if the original vendor invoice is not received, payment cannot be made and the purchase order will be charged against 2013-2014 budgets. Incomplete documentation may delay your payment request; be certain that the item is fully documented before submitting it for processing. **Payment cannot be made before the receipt of goods or services so do not indicate receipt of materials not received in order to use available funds or for any other reason.**

Accounting Considerations

Cash deficits in most institutional trust and special fund accounts should be funded by June 28 through collection of receivables, transfers from other funds or other appropriate methods. Cash deficits should not be carried forward to the new fiscal year. If funds from University-related foundations on deposit in other FRS accounts will be used to fund expenditures for fiscal 2012-2013, the funds transfer request should be submitted by June 15.

State Budgeting Considerations

Sufficient budget balances or cash balances must be available to cover all disbursements from University accounts. The State does not allow deficits in any expenditure object. You should review your available budget balances on your monthly reports so all disbursements can be properly funded.

Cashiering Considerations

To comply with G.S. 147-77 and University policies, all departmental receipts must be deposited daily. Do not hold deposits for the New Year. Delaying the deposit of University funds is a violation of State statutes. The daily deposit for electronic credit card receipts for 2012-2013 should be provided to the University Cashier no later than 10:00am on July 1nd via the Online Departmental Deposit System. **If the person assigned with this responsibility is not at work on July 1st, then the department is required to take appropriate measures to get the deposit entered by 10:00am.**

Payroll Considerations

The last biweekly payroll posted in the current year will be for the period ending **June 16** (paid on **June 28**). The June monthly payroll will be paid and posted on **June 28**. Specific deadlines for the Summer Session payrolls have been established. (See year-end deadlines.) The Summer Session payroll dates are **May 30 and June 18** for Session I and **July 9 and July 26** for Session II.

Every effort will be made to effectively and efficiently use the University's resources. Your assistance in processing documents, monitoring your budgets and purchase orders, and adhering to deadlines is very important. Thank you for your cooperation.
