Stopping Working as a Travel Assistant

Follow these steps to stop working as a Travel Assistant:

1. Click the **Acting as** link.
2. Select **Act As Myself**.
3. Click **Switch**.
4. Understanding Approval Workflows

When a Travel Request or Expense Report is submitted it will go through an approval workflow. This process ensures that prior to a Travel Request or Expense Report being processed it has been reviewed and approved by designated department approvers or Business Officers. The default approval workflow in Concur is assigned based on the Department approval workflow in ConnectCarolina. Changes made in ConnectCarolina will be imported into Concur on a nightly basis. These changes will not update the workflow of requests/reports which have already been submitted but will affect the workflow of new submissions or re-submissions.

Adding a Default Approver to Your Approval Workflow

Default approvers can be added to a user’s approval workflows via their user profile. Default approvers can be added:

- only in Request,
- only in Expense,
- the same in both systems,
- or be different between the two systems, if necessary.

Default approvers will always be the first to approve in the Workflow before the request/report routes to the approvers of the assigned chartfield string(s). Follow these steps to add a default approver to the user’s profile:

1. Click the **Profile** icon.
2. Click the **Profile Settings** link.

**Result:** You will be directed to the Profile Options page.
Adding Default Request Approvers

3. Click the **Request Approvers** link.

4. Search for the employee you want to add as a default approver.

5. Click on the user you want to add.

6. Click the **Save** button.
Adding Default Expense Approvers

7. Click the Expense Approvers link.

8. Search for the employee you want to add as a default approver.

9. Click on the user you want to add.

10. Click the Save button.
5. Understanding Expense Types

Expense Types/Account Codes are hard-coded in the Concur system and users do not have the ability to change them. When an Expense Type is selected, it automatically pulls the assigned account code. For example, if you choose a trip type of “International” on the Report Header, and then enter an expense line for Airfare (whether out-of-pocket, T&E Card, or directed-billed), the system automatically assigns the account code of 526310 for the International Airfare to the expense. Also, end-users will not see the account codes when reviewing the chartfield string and allocating expenses.

In advance of all overnight University business travel, you must create and submit a travel request prior to making any travel arrangements. Pre-authorization is also required for day travel which includes airfare. You can also manage travel requests and cancel any request.

Delegates may prepare the travel request and then use the Notify feature to alert the traveler when the request is ready to be submitted or you will be able to submit the Travel Request if the Traveler gave you that permission.

Follow these steps to create and submit a travel request:

1. From the Home drop-down, click Requests.

13. Adding Expenses to an Expense Report

Adding Available Expense Transactions

On the Concur home page, you can view a list of unassigned T&E card transactions, Airfare Direct Bill transactions, and E-Receipts in the Available Expenses section. Also, for Available Expenses, some of the expense types may automatically populate based on the merchant or transaction type. These transactions must be reviewed and edited as necessary to ensure the correct account code is assigned and the correct expense form is completed.

**Note:** The payment type for T&E Card transactions and Airfare Direct Bill transactions will automatically be assigned and cannot be changed.

When using your T&E Card for purchases in a foreign currency, Bank of America will assess an International Transaction Fee. These fees will appear as separate transactions under Available Expenses and should be included on the same Expense report as the T&E Card expenses which they are related to. No receipt is required when reconciling the expense.

**From an open expense report**

Follow these steps to add available transactions within an open report:

1. Click the **Add Expense** button.
2. From the Available Expenses tab, select the check box(es) for the appropriate expenses you want to assign to the current expense report.

### Adding Personal Meal Expenses for Reimbursement

All personal meals must be paid for out-of-pocket by the traveler. University travelers are only eligible for reimbursement of meals when they make an overnight trip. Partial day reimbursement is possible when the partial day is the day of departure or return for a trip, but it must be in conjunction with an overnight trip taken. No excess reimbursement will be allowed for meals unless there is a documented exception in place, or the meals were for out-of-country travel.
Adding a Daily Allowance Expense (Federal per diem rates)

When engaging in overnight travel, the Concur system can add the appropriate federal meal per diem rates to your report based on the destination as well as departure and return dates of travel.

- **International** - When traveling Outside of the Contiguous United States (OCONUS), Concur will utilize the rates set by the Department of State. These rates can be found on the US Department of State's [Foreign Per Diem Rates](#) webpage.

- **Domestic** - When traveling within the Continental United States (CONUS), Concur will utilize the rates set by the US General Services Administration (GSA). These rates can be found on the US GSA's [Per Diem Rates](#) webpage.

- **Other** - When traveling to Hawaii, Alaska, or US Territories and Possessions, Concur will utilize the rates set by the Department of Defense. These rates can be found on the [Department of Defense Travel Management office](#) webpage.

The maximum allowable amount will be calculated for the Daily Allowance based on the location and dates of travel. However, the first and last day of travel of the Daily Allowance will be calculated at 75% of the day’s total (including incidentals).

Follow these steps to add a daily allowance expense:

1. Open an expense report or create a new expense report.
2. Click the **Travel Allowance** dropdown link.
3. Click **Manage Travel Allowance** from the dropdown menu.

**Result:** The Available Itineraries wizard appears.

4. Select an itinerary from the Available Itineraries section.
5. Click the **Assign** button.
**Note:** If no itineraries exist, click the Previous button to create a new itinerary and follow the steps below to create a new itinerary. Then continue to step 6.

Follow these steps to create a new itinerary:

a. Enter the following in the designated and required (as noted by red bars) fields of the New Itinerary Stop section:
   - departure city
   - departure date and time
   - arrival city
   - arrival date and time

b. Click the Save button.
Result: The stop will be added to the list on the screen and the New Itinerary Stop section will be refreshed to add another stop. The departure and arrival cities will automatically be populated but reversed from what was previously entered.

c. Enter the following in the designated fields of the New Itinerary Stop section:
   - departure date and time,
   - arrival city (if this needs to be updated to a different destination),
   - arrival date and time.

d. Click the Save button.

e. Click the Next button.

Note: Itineraries may contain multiple destinations. Repeat steps 6 to 8 as necessary to list the complete itinerary and ensure the proper per diem rates are being provided based on the destination.

6. Click the Next button.
7. Once your itineraries appear mark the check boxes of when a meal was provided for each day.

**Note:** If all meals are provided, the calculation will still reimburse the appropriate incidental rate for that day. However, if you wish to exclude an entire day, including incidentals, check the box to the far left under “Exclude”. If no meals were provided do not mark any of the checkboxes.

**Result:** The allowance will automatically calculate the per diem for reimbursement.

**Note:** Daily Allowance will automatically calculate the first and last day of travel at 75% of the day’s total allowance (including incidentals) per Federal guidelines.

8. Click the **Create Expenses** button.

**Result:** The daily allowance expense(s) will be added to the expense report.
Moving Expenses from One Report to Another or Back to Available Expenses

Combining Expenses

Transactions listed in the Available Expense section can be combined to reduce duplicate expenses. This feature is helpful when you have a combination of T&E Card transactions, E-Receipts, and expenses created using the Mobile app. Duplicate expenses must be combined to prevent duplication and resolve seemingly outstanding expenses. 1. From the Concur homepage, click the **Available Expenses** tile.
2. In the Available Expenses section, mark the checkbox beside each expense that needs to be combined.
3. Click the **Combine Expenses** button.

Most expenses will require a receipt. The Concur system will alert you when a required receipt is missing and when a Missing Receipt Declaration is not allowed. You can review *Procedure 1501.7 on Travel Expenses and Reimbursements* to learn more.

Receipts can be added when creating a new expense or can be added from the main report page by clicking the receipt “+” icon on the expense line. The steps noted in this section provide instructions on how to attach a receipt to an expense. Follow these steps to attach a receipt image to an expense:

1. Select an expense entry and open it in the Details view.
2. Click **Attach Receipt Image** tile.
3. Click **Upload New Receipt** or the **Attach** link on a receipt that has been uploaded previously.
Note: If selecting the **Upload Receipt Image** tile, follow the prompts on the screen to select the receipt to upload. Also, the system accepts file attachments in PDF, JPG, HTML, TIF or TIFF formats.

**Result:** The receipt image is attached to the expense entry and displays on the right side of the screen.

![Attach Receipt](image)

Note: You can remove receipts or add additional receipt images. Only one file may be attached initially but you may then use the Add feature to add additional files.

**Missing Receipt Declaration**

A Missing Receipt Declaration should be completed when a receipt is lost or misplaced, and the expense requires a receipt. In these instances, you can digitally sign a
declaration that you can submit, instead of the actual imaged receipts. Using a receipt declaration allows you to submit your expense report in a timely manner and comply with Procedure 1501.7 on Travel Expenses and Reimbursements on receipt submittal.

**Important:** A delegate cannot submit a Missing Receipt Declaration on your behalf. Also, Missing Receipt Declarations are not allowable for the following expense types:

- Lodging
- Airfare
- Car Rental
- Conference Registration

### Submitting a Missing Receipt Declaration

Follow these steps to submit a missing receipt declaration:

   b. Mileage > 350 miles if round-trip mileage is greater than 350 miles.
**Note**: round-trip mileage which exceeds 350 miles must be entered as one, round-trip expense and not two, one-way expenses in order for the reduced mileage rate to calculate correctly.

9. Click the **Save Expense** button.

**Converting Foreign Currency Transactions**

When your travel takes you to different countries, out-of-pocket expenses will need to be converted from the original foreign currency to US Dollars (USD). When you create a new out-of-pocket expense in a currency other than US Dollars, you may utilize the City of Purchase field to automatically populate the local foreign currency.

The exchange rate comes from the Oanda Corporation, a foreign exchange company. The system will look up the Average Daily Rate from Oanda based on the date and city of your expense, and automatically convert the transaction amount to USD. For T&E card transactions, Bank of America will convert transactions from the foreign currency to US Dollars. Follow these steps to convert out-of-pocket foreign currency transactions:

1. Open a current Expense Report or Create a New Report.
2. Click the **Add Expense** button.

![Add Expense button](image)

3. Click the **Create New Expense** tab or **Available Expense** tab if you have enabled E-Receipts.

7. Click the **Save Expense** button.

**Result:** The expense amount appears in both the foreign currency and in the standard reimbursement currency.

**Managing Cash Advances**

If a cash advance was received for a trip, it must be reconciled in full on the expense report for that trip. If you do not have enough out-of-pocket expenses to offset the cash...
advance, any unused portion must be remitted back to the Travel Services Office prior to submitting your Expense Report. For additional information, please review *Procedure 1501.2 for Travel Advances*.

To ensure that a cash advance is attached to your expense report, please follow the steps for *Creating a New Expense Report from a Travel Request*.

**Adding the Cash Advance Return Expense to an Expense Report**

An Expense Report cannot be submitted which has a Remaining Cash Advance Balance. If you did not remit the unused portion of the Cash Advance back to the Travel Services Office, you must add a Cash Advance Return Expense to your report. 1. Click the **Close** button to close the alert or open the Expense Report that contains the alert.

14. Itemizing Expenses and Attendees

You should itemize expenses to account for receipts that include both business and personal expenses or to ensure that each of your expenses is accounted for correctly. In addition, some transactions (business meals and lodging expenses) require receipts to be itemized. Review *Procedure 1501.7 on Travel Expenses and Reimbursements* to learn what expenses require receipt itemization.

**Itemizing Nightly Lodging Expenses**

A hotel bill typically contains a variety of expenses including room fees, taxes, parking, valet, telephone charges, and/or personal items. 22. Frequently Asked Questions

Approvers, Delegates, and Workflows

Q: How soon can a delegate receive approvals after they have been added as an approval delegate?
A: Delegates will have immediate access to the approver queue to which they have been assigned a delegate for, and they would only receive email notifications for new requests/reports once they have been submitted.

Q: Will approval delegates receive copies of approval emails?
A: Delegates can receive approval emails as long as the delegator has turned on the permissions setting for them to receive approval messages.

Q: If someone from another department travels on my department’s funds, will both departments be included in the approval workflow?
A: If the traveler has a default approver on their profile, requests/reports will always flow to them first regardless of the funding source of travel. The additional approval workflow will depend on the chartfield string of the request/report. When the request/report is submitted, the request/report will route to the approvers of the chartfield string assigned. If the chartfield string is updated during the approval process, the workflow will update to include any other necessary approvers.

Q: If the primary approver (as designated in ConnectCarolina) travels, will their travel request and expense report be auto approved or will their delegates be able to review/approve.
A: Department Approvers (as assigned in ConnectCarolina) must assign their supervisor as the Default Approver on their profile to ensure proper approval and workflow routing. If a traveler submits a report against the same department ID for
which they are an approver in ConnectCarolina, it will not go to them or their delegates for approval.

**Q: Will approvers and delegates be able to review actions that are submitted for approval prior to them being added to their delegate or approval role?**
**A:** Delegates have access to anything that is outstanding in the Approver’s queue, and access to look at anything that has been previously approved by using search and filter options. Approvers only have access to requests/reports that are newly submitted or resubmitted for approval after they were added as an Approver.

**Q: Can a submitter and approver be the same individual when submitting a Report for reimbursement?**
**A:** No one can submit a report on behalf of another end user, and no one can approve their own submissions. All end users must submit their own Reports for reimbursement. If a Delegate submits a travel request on behalf of another user, they will not be able to approve that submission. The system will automatically skip them in the workflow.

**Q: How many people can you delegate to in Concur?**
**A:** There is no limit to the number of delegates you can create.

**Air Travel, Car Rental, and Hotel**

**Q: Why do I always see information about Basic Economy Fares when searching for Airfare?**
**A:** The low cost of Basic Economy Fares can look very appealing, but we need to ensure that all travelers understand the restrictive nature of these fares before booking. While the university allows for the purchase of Basic Economy Fares, we do not encourage travelers to utilize them.
Q: What happens if I book a flight that is flagged as “out of policy?”

A: You will be able to book this flight but will be asked to select an out of policy reason from a dropdown. You may also provide additional details to explain the out-of-policy selection. This information will be reviewed during the expense report process to ensure that the traveler had an allowable exception to book out of policy.

Q: Should I purchase additional insurance for my rental vehicle?

A: If your vehicle will only be driven in the United States, you must decline the optional insurance offered by the rental car company. Insurance is provided for all university employees by the State of North Carolina and cannot be reimbursed. When renting a vehicle for travel outside of the United States, you should pay for the optional insurances offered. These expenses can be paid for on the T&E Card or submitted for reimbursement.

Q: Why am I seeing the Hotel Per Diem Locations page?

A: The University utilizes the federal lodging rates to determine when excess lodging is incurred. Lodging should be secured at no more than 150% of the federal lodging rate for their destination. If lodging is secured at a higher rate, the user will have to provide a business reason for excess lodging on their expense report.

Finance and ConnectCarolina

Q: If a traveler does not require CABS, what happens if a traveler takes a trip and incurs all expenses then submits a Report for reimbursement?

A: Concur Request is the process in which travelers request pre-trip authorization, the State requires all overnight travel to be pre-approved. An Expense Report must be submitted in Concur Expense for reimbursement of business travel related expenses.
Q: Can a user add a chartfield string to Concur System?
A: No, all chartfields are automatically loaded into Concur and updated nightly.

Q: Will a budget error in Concur stop a reimbursement from being issued?
A: No, transactions will go to CBM then a journal entry will be created. If a budget error occurs, the transaction will be charged to the default travel chartfield string as designated by the department.

Personal Meals and Per Diems

Q: Can reimbursed meals be reduced to a lesser amount than the per diem?
A: Per diem reimbursement amounts are hard-coded into the system. However, if the traveler wished to receive less than the full per diem, the individual should submit fewer meals for reimbursement.

Q: Are we allowed meal reimbursement for day trips?
A: No, personal meal per diem is only allowed when the travel requires an overnight stay.

Policy, Documentation, and Forms

Q: Were historical travel documents and information transferred to Concur?
A: No data or information from any travel prior to the go live date will be transferred to Concur.

Q: Is the Travel Acknowledgment form still required?
A: No, since the traveler will be submitting their own expense reports the Travel Acknowledgement form is no longer required.

Miscellaneous
Q: Do I have to submit a travel request in advance to travel that does not include overnight travel?
A: No, a travel request is only required for overnight travel or for day-travel which includes airfare.

Q: Do student employees have access to use Concur?
A: All faculty, staff, and some student employees will automatically have access to Concur. For students who are not automatically loaded a formal process for requesting and reimbursing student travel is being developed.

Q: How early can travel requests be submitted?
A: Travel requests can be submitted as far in advance as necessary. However, expenses paid for out-of-pocket will only be reimbursed after the trip is completed.

Q: Is there any required training prior to gaining access to the Concur system?
A: No, but online training and additional support is available; please review the section Resources for Help and Support.
