UNC Chapel Hill has partnered with Uber College Solutions to create an employee account that provides you with an easier expensing process and additional support.

How does an employee account work?

You will still expense travel as you currently are. Joining our account will create an in-app UNC profile for you to switch to - simplifying Uber work travel by:

Saving time on expense filing

We have connected Uber to our Concur system. When using your UNC profile for work, e-receipts and transaction details forward immediately into your Concur profile - just click submit.

Eliminating payment mistakes

Your UNC profile only pays with the card you link it to, ensuring your personal card isn't charged.

Uber Safety Awareness

Drivers are background checked before their first trip & on an ongoing basis.

Uber's in-app [Safety Tool Kit](#) gives access to emergency help if you need it.

You have our support, whenever you need it at business-support@uber.com

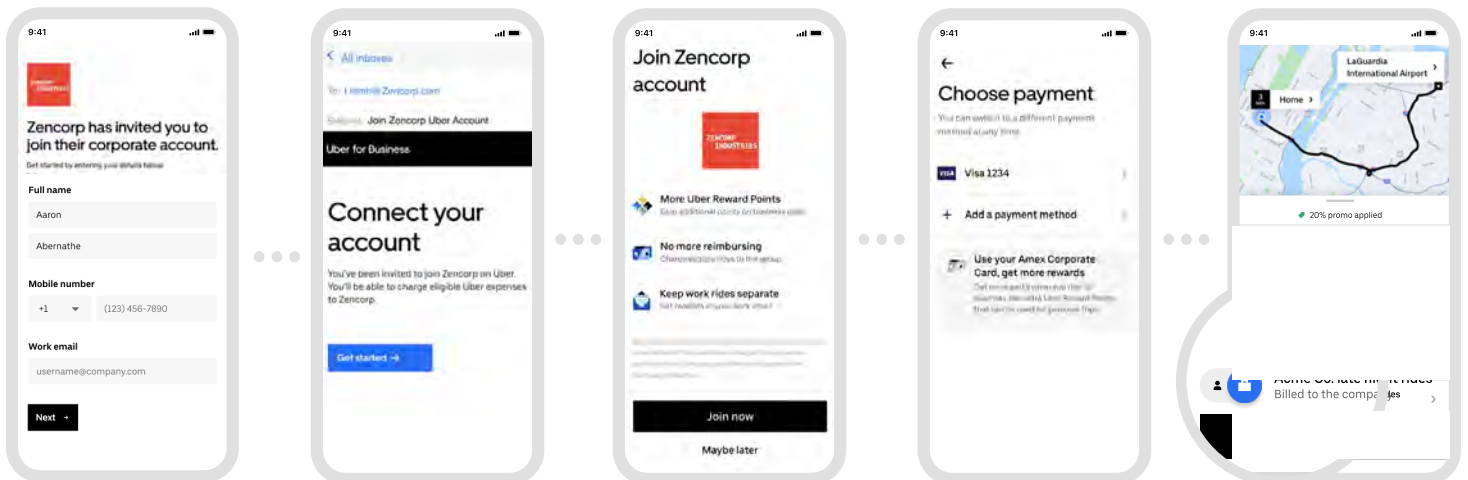

Uber's [door-to-Door Safety](#) policies & tech keeps users safe during COVID-19
